

The image features a tan tactical vest with multiple pouches and an American flag patch, set against a background of a US flag and camouflage. A shield-shaped logo with a dagger is positioned above the vest. The text 'TAC SHIELD' is prominently displayed in a stylized font, with 'PROVEN GEAR' underneath it.

TAC SHIELD

PROVEN GEAR

MADE BY PROUD AMERICANS

RZR™ MOLLE

RZR MOLLE is 35 to 50% lighter than traditional MOLLE Systems. The removal of snaps, straps and 1" PALS webbing combine to help the American Warfighter with overall weight reduction...Ounces add up to Pounds! RZR MOLLE is 100% compatible with all MOLLE legacy systems from Plate Carriers, Warrior Belts to Stacking Pouches. RZR 1000D/500D laminate material is Hydrophobic, meaning it does not gain weight when submerged or drenched. It is also Antimicrobial, meaning it will not mildew or rot and is easy to clean or decontaminate. RZR laminate offers superior durability and wear protection both inside and out over traditional 500D or 1000D coated Cordura®.

TUC-LOC™ ATTACHMENTS
PATENT PENDING

RZR™ PLATE CARRIER

The TAC SHIELD RZR Warrior Plate Carrier is our GEN III Molle design with focus on its lightweight, slim-line profile and system modularity. RZR Warrior Plate Carriers are designed for maximum human mobility and comfort. At less than 2.4 pounds, it offers a variety of configuration options to enhance your gear layout, protection and wearing comfort. TAC SHIELD RZR products are Berry Compliant.

- Comfortable air mesh padding
- Modular design, removable panels
- Built in pouches: Admin, Kangaroo
- Slim-profile cummerbund adjustment
- Secure routing straps: Hydration, Antenna
- Slim padded shoulder straps for rucksack wearing

MAGAZINE POUCHES

TAC SHIELD®
MAGAZINE POUCHES ARE
AVAILABLE IN COYOTE,
BLACK OR OCP

TAC SHIELD® Rifle and Pistol Magazine Pouches offer our war-fighters strong and dependable carry solutions for their extra magazines. Rifle and Pistol pouches hold various magazines in a single or stacked orientation per pouch. They are offered in single, double and triple sizes while offering space saving on your vest.

The heavy duty elastic retention strap holds your loaded magazines tight, while the Mil-Spec double thick nylon flap is secured with hook and loop. Tough, 1,000D Cordura® is supplemented with special reinforcements in high stress areas and extra bar tacks and lock stitches that make the difference in harsh battle fields around the world.

GEAR POUCHES

TAC SHIELD® Gear Pouches are designed to hold and protect gear for your mission. The tough 1,000D Cordura® offers superior abrasion resistance and weather protection. Blackened grommets serve as convenient drain holes. Double Zipper Cords with easy “grabber pulls” work well with tactical gloves. The #10 Heavy Duty Industrial Zipper extends over the corners and down the sides for dependable opening and access ease. Mil-Spec webbing offers additional hanging options for other gear.

Select pouches are available with a unique belt attachment system. This system features Velcro® Brand, Lock Straps™ that can be adjusted to accommodate different size belts. The Lock Straps™ securely fasten to each other providing a stable and secure platform for each pouch. These straps are 1” wide giving the user the ability to mount pouches to tactical vests, packs, straps, and other mounting surfaces when needed. All pouches are backed by our Lifetime Warranty.

EQUIPMENT POUCHES

SUPPRESSOR/LARGE LIGHT MOLLE POUCH

TAC SHIELD® Suppressor/Large Light Pouch is made out of the toughest materials. The 1000D Cordura® construction provides superior abrasion resistance and peace of mind when carrying important equipment such as suppressors and large lights. This pouch will accommodate most center fire rifle suppressors with a max diameter of 1.625”, and an overall length up to 9”. The 1.5” heavy-duty elastic helps secure your suppressor or other equipment like large flashlights, batons, pepper spray bottles, and more. Pouch is available in traditional molle and our new belt attachment system.

SLINGS

COMBAT SLING

3-Point Universal system with ERB release buckle allows quick removal from the body. The Universal System works with the various issued M16 and AR15 configurations. The 1.5" Mil-Spec webbing ensures strength and additional comfort in the field. The fast-adjust cam lock allows for easy cross-shoulder transition. Simply flip the cam lock open and quickly extend sling to reposition weapon.

- Fast Adjust Cam Lock
- 1.5" Mil-Spec Webbing

TACTICAL GUN BELT™

TAC SHIELD® Tactical Gun Belt™ is the latest in modern gun carry. Available in both 1.5" and 1.75" widths. The heavy-duty 2,000 lb. aluminum Cobra® buckles have double release levers to provide extra security, but ease of opening for the wearer. The low-profile design includes tapered edges for snag-free comfort. The Cobra® buckle locks the webbing to prevent slippage with even the heaviest loads.

Double-wall webbing is reinforced with a Special Poly Stiffener System. This design provides extra support in the holster/mag case region, while offering softer edging in the spinal area for additional comfort and protection.

Belts are adjustable up to four inches with the hook & loop Tail-Lock™ design. It can be worn in traditional pant loops or larger tactical pant loops. If sized correctly, it will fit over your pants for convenience in removing holster/mag case as a unit.

- Double Layered 7,000 lb. Mil-Spec Webbing
- 2,000 lb. Double Lever Quick Release Cobra® Buckle
- Special Polymer Reinforcement
- Patented Design
- Available Sizes: Small, Medium, Large, X-Large

INNER DUTY BELT

TAC SHIELD® Inner-Duty belt uses a single layer 1.5" Mil-Spec Scuba Webbing to provide the strength and stiffness required for a solid mounting platform. The Inner Belt allows the user to feed the belt through the belt loops like a regular belt with an adjustable hook and loop closure. The hook exterior interlocks with the loop liner of our Velcro® Loop-Lined Gun Belt or traditional duty belts. Allows removal of duty belt without inner belt.

- 1.5" Mil-Spec Scuba Webbing
- Low Profile Velcro® Hook Exterior
- Loop Closure

MILITARY RIGGERS BELT

TAC SHIELD® Military Riggers Belt offers a traditional riggers design with 1.75" Mil-Spec webbing delivering 7,000 lbs. tensile strength. The double wall design offers additional strength and comfort for heavy loads.

Hook and loop secures the V-ring until needed in emergency situations. Belts are designed with strong hook and loop for fast and secure sizing.

- 7,000 lb. Double Layer Mil-Spec Webbing
- Soft Edge Webbing for Comfort
- V-ring Rigging Point for Emergency Use
- Available Sizes: Small, Medium, Large
